

Have you been diagnosed with **SCHIZOPHRENIA?**

If so, you may be eligible to participate in a PAID research study at the University of Rochester on the *social brain*

What's the study? We are investigating how the brain processes social information.

Who is eligible? Individuals ages 18-65 who have been diagnosed with schizophrenia/schizoaffective disorder, are fluent in English, and are on stable medication.

What's involved? There are 3 parts to the study:

1. Clinical interviews, questionnaires, paper-and-pencil/computer-based assessments of cognition (\$10/hour, 4-6 hours)
2. Magnetic resonance imaging (MRI) scan (\$20/hour, 3 hours)
3. Daily diary questionnaire (7 days, \$2/day)

CONTACT US

If you are interested in participating or learning more about the study, please contact us at **585-276-6976** or at **rochester.socialbrainstudy@gmail.com**

Principal Investigator: David Dodell-Feder, Ph.D., Department of Psychology, University of Rochester.
